THE SALEM DAILY NEWS.

15TH YEAR. NO. 13. SALEM, OHIO, FRIDAY, JANUARY 16, 1903. TWO CENTS.

AN INTERESTING LETTER

From T. C. Purdy, in Which He Says Costa Rica Is the "Florists' Conception of Heaven."

CENTRAL AMERICA'S PEOPLE AND CUSTOMS.

The following interesting letter is the first of a series which T. C. Purdy will write for The Daily News. Mr. Purdy left Salem recently for an indefinite stay in Costa Rica, seeking health and perhaps, wealth. He is a keen observer and writes entertainingly. His first letter follows:

Cartago, Costa Rica, Jan. 4, 1903.

I have gone silly over the beauties of this country and climate. The "rare day in June" that you talk of is exemplified in every day here, and these beautiful days of last November that you remember with a sigh, while you are now shivering, do not compare with these days of sunshine 5,000 feet above the sea in the tropics of Central America. No flies, no mosquitos, no bugs, no spiders or scorpions, but hold. I'm like Eugene Fields' poor little Fido, "I've got fleas." Fleas everywhere, and the best of housekeepers cannot keep them out, though under present circumstances I am not bothered, as I am in a new house, with a family where the housekeeping is exceptionally good; in fact, "Frenchy" and up to date.

On the steamer coming down I became quite interested in Rev. Stephen Witt and wife, who are in charge of the Baptist mission at Port Lemon. They have taken their lives in their hands and gone into that sickly, swampy, hot town, and are doing a grand work there. Mrs. Witt invited me up to lunch, and as my train had gone, I accepted, and after lunch I proposed that if they would let me stay over night I would pay hotel rates, as I had heard that the local hotel was very poor. They consented and I was glad to be among good friends till morning. They introduced me to Rev. James Hayter, who is doing the same line of work at Cartago, and who came up on the train with me. He has now taken me under his roof, where it is very, very nice. I was telling them at dinner today that I was the luckiest man in this respect that ever landed at Port Lemon. Mrs. Hayter is French-Swiss, and a charming lady with French accent and manners, though she and her husband talk Spanish, and his work is in that language. I attended services in his little chapel today and took part in the meeting, singing Spanish hymns as best I could.

I left New Orleans one week ago yesterday, where the weather was quite cold for that region, ice having formed the night before I left. Last Sunday was a delightful day at sea; Monday was another, and on Tuesday I came out in white, discarding my thick underwear when we passed the west end of Cuba. This voyage on a new, staunch steamer over a smooth sea from morning till night was a delightful dream, from which I was awakened three times a day to partake of a bountiful repast. I could not do it, so dropped out one meal and dreamed on. The table was very good, with considerable canned goods in sight, as is the case at sea:

"There wuz puddin', pies and sandwidges, an' forty kinds of sass,
"An' fontin' Irelands, custards, tarts an' patty dee foy grass;
"An' quantities of sardines wuz a-settin' round in pans,
"An' other native fruits an' things that grow out West in cans."

We had on board the wife of the president of Nicaragua, who had five children and two ladies with her. They had about fifty pieces of baggage. They were to get off at Greytown, where there is no wharf. The transfer of all these people to a little bit of a tug five miles out at sea was a very dangerous and exciting incident of our voyage, as there was a heavy swell on, and the boat would bump frightfully against the steamer. They had almost to throw the children across into the tug, the same as they did the baggage, but when it came to the ladies it was a different thing, and it was difficult to induce the first one to take the leap. As soon as the transfer was made and they had started a heavy rain storm came on and shut them out of our sight, and we do not know how they made out in reaching shore. The little tug bobbed about at a sad rate in the heavy sea.

These children of the president were the first that I heard talking Spanish, excepting Miss Russell, my teacher, who would talk slowly and distinctly to me. Well, it was chain lightning that those children talked, and I was "not in it." Not a word could I catch. I afterward had the oldest girl read to me and talk slowly, and we got along nicely. These people do not talk the Madrid Spanish, as taught in our books, but give the hissing sound to "z" and to "c" before "e" and "i" instead of the sound of "th."

From Greytown to Lemon is about eight hours' ride, and we arrived there at 9 o'clock at night, too late to land, so we turned in for the night. It was the last night of the old year, and I lay in my berth and dreamed of the new and wonderful land that I was to enter on the first day of the new year. I was up early, but the doctor was slow about coming out to inspect us, and we did not get ashore till it was too late to catch the train for the interior. By 9 o'clock it got just about as hot as one of your hottest days in summer, but I took it coolly in getting my things through the custom house and over to the depot. I was very deliberate about it, and would keep along the shady side of the buildings and cars standing on the long pier.

I got through the custom house cheaply, paying only 45 cents, our money. I had a $5 gold piece of our money changed and received $10.75 of Costa Rican bills and silver for it. If I did get through the custom house cheaply the Jamaica negro who took my baggage through and to the depot got back on me, for he demanded $1 Costa Rican money, which I paid. I was not as badly treated as Rev. Mr. Witt, who had 12 big and little parcels, and of whom they demanded $12. He did not pay it, though.

I took a deliberate walk to the post-office and mailed my letters; then I visited the most beautiful park in the world, of which I have no language at my command to speak. All I can say is that it is the florists' conception of Heaven.

The first question that I asked of the gentlemen whom I met on the steamer, and who had lived for years in Costa Rica, was whether life and property were safe in the country, and they assured me that they were much more safe than in the United States, or at least as safe. As to yellow fever there seems to be about the same feeling here as there is with your smallpox. You are a little shaky about going to the cities where it is, and we would be a little timid about going down to Lemon if we knew yellow fever was there. They tell me that there is none down there, but not long ago the doctor took one man

SALEM WATER CO. IS WORKING ON NO. 3 WELL.

Friday afternoon samples of water from the No. 2 artesian well of the Salem Water Works Co. were carefully taken and sent to Columbus for analysis by the state chemist, E. G. Horton. The samples were taken under the direction of Health Officer Schwartz, and it will probably be two weeks before a return is had.

As this well is in the same vein as No. 1, the analysis of which was very satisfactory, it is believed that the report will be all that could be expected. However, the water from it cannot and will not be turned into the city mains until the report has been passed on by the state board of health.

The water company is hard at work on its No. 3 well, and Friday evening the drills were down more than 100 feet. It is believed this well will be brought in this evening or Saturday. If it is not as good a gusher as the other two, it will be a disappointment, but the work of drilling other wells will be kept up whatever the result of No. 3 may be.

NOTHING STARTLING IN MAGUIRE SUIT

HAS DEVELOPED YET—MAGUIRE AND MARDIS TESTIFY.

Pittsburg Court Taking Its Time In Hearing the Case While Attorneys Quibble.

The case for the defense was opened Thursday at Pittsburg in the $170,000 damage suit of Edward J. Maguire, John A. Graver and Andrew Hopkins against William D. Johnston and Thomas A. Watkins, an action growing out of the purchase of the Salem railroad, it having been claimed the defendants violated an agreement for its purchase.

The defense set up the claims heretofore published in this paper, when a complete synopsis of the affidavit of defense was given.

E. J. Maguire was on the stand part of Wednesday and Thursday. No startling developments resulted from his story.

General [illegible] W. P. P. St. Clair of the Salem railroad was in Pittsburg yesterday, having been called there on the suit. Mr. St. Clair returned last evening, not having to testify. He conferred with the attorneys in the case, and it was decided not to put him on the stand.

M. L. Mardis was on the stand nearly all day Thursday, and is being heard again today. His testimony is important, and relates to certain charges that the value of the property was to be maliciously decreased just before the sale of the road.

COMMITTED TO JAIL IN DEFAULT OF $5000.

MARK MOWERY HELD TO ANSWER FOR SHOOTING WITH INTENT TO KILL.

U. S. Nold, the Leetonia Business Man Who Was Mowery's Victim Not Seriously Injured.

Leetonia, Jan. 16.—(Special.)—The condition of U. S. Nold, who was shot in the thigh by Mark Mowery Thursday evening, is improving, and he will probably only be housed up a few days. He is able to sit up and suffers little pain. The attending physician will not remove the bullet now, but will allow the wound to heal. Later the leg will be subjected to an X-Ray examination and possibly the bullet may be removed then.

Mowery was arraigned before Mayor Stiver Friday afternoon on a charge of assault with intent to kill. He waived examination and was bound over to court in the sum of $5,000. Mowery could not give bond, and was taken to the county jail this morning.

MACHINISTS WANTED AT RAILROAD SHOPS

Recently the Pennsylvania Co. inaugurated a new scheme in which defective engines reaching the end of the division at Crestline shall be repaired there. This makes a lot of additional work for the Crestline shops, and consequently more help has to be employed. Help is scarce at this time, and the company is at its wits' end to secure the required men.

This morning Ticket Agent Bare received a letter from E. T. Whiter superintendent of the Pittsburg-Crestline division, asking him to look up machinists, machinists' helpers, boilermakers and laborers to work in the shops at Crestline. Men are at a premium here, but Agent Bare will scout about, and if any men can be induced to go to Crestline they will be furnished transportation and be well taken care of. Engines must be repaired, and the Pennsylvania is willing to pay long prices to get good men.

Held Literary.

A literary was given last evening at the school house at Albany. An immense crowd attended, the house being far too small to accommodate the crowd. Two sled loads of Alliance young people attended, and a large number from Salem were present. A good prgram was given.

Killed in Alliance Yards.

Alliance, Jan. 16.—(Special.)—William Everhart, a prominent citizen, was instantly killed by being struck and run over by an engine near the round-house. He was bossing a gang of section men. He leaves a wife and seven children, and has relatives at Salem and Canton.

SALEM BOY IS SENT TO LANCASTER HOME.

THE LAD'S FATHER HEAPED IMPRECATIONS UPON THE COURT

For the Action Taken—Salem Sentiment Is That Court Pursued Proper Course.

Lisbon, Jan. 16.—(Special.)—Mose Hoyle, the Salem lad, was before Judge J. C. Poone in the probate court Thursday afternoon, and was ordered sent to the reform school at Lancaster. The parents of the boy remonstrated against this action by the court. Both were present, with other members of the family, at the first hearing Wednesday. On this account the matter was taken under advisement, and Mrs. George Holmes, the Salem member of the county board of visitors, was instructed as to the lad's home surroundings. On the report submitted the judge and other members of the visiting board decided that it would be best to send the boy to Lancaster.

The father appeared in court again yesterday afternoon and denounced the authorities in unmeasured terms for their action. During the period of his tirade in court Mr. Hoyle tragically heaped imprecations on the conditions and laws which enabled the court to take the boy away, and prayed that at some time similar affliction would come to the children of the presiding judge.

TRADES COUNCIL LIFTS EMBARGO ON NEWS.

Appoints Press Committee to Pass Upon Matters for Publication—New Delegates Seated.

Trades and Labor Council met Thursday evening. Several new delegates were seated.

The secretary was instructed to write to the U. S. senators from Ohio and urge them to support the bill now before the senate, which provides for an 8-hour work day in all establishments under direction of the government.

A committee was appointed to look after the sale of unfair goods in this city. It was reported that the boycott on several foreign establishments selling goods here had been lifted, notably that hanging over Cincinnati brewers.

Some time since the council voted not to give out any of its proceedings for publication in the newspapers. At a later meeting this action was modified by the appointment of the recording secretary a press committee of one. He is to use his judgment in giving out reports.

The executive committee was instructed to visit the stove mounters and if possible make arrangements with them to exchange meeting nights. The stove mounters have been meeting on Wednesday evenings and Trades council would like to meet then if the change would be satisfactory to the mounters' organization.

At the first meeting of Trades council to be held in February the semi-annual election of officers will be held.

CHIEF GAME WARDEN

Has Completed Report of State Fish and Game Commission.

Columbus, Jan. 16.—Col. J. C. Porterfield, chief game warden, has completed the annual report of the Ohio state fish and game commission, and has submitted it to Colonel Rogers, president of the commission. He in turn will submit it to Gov. Nash. Col. Rogers has not announced when the report will be submitted, nor has he given out any of the facts and figures contained.

Your correspondent has it on good authority, however, that the report is by far the most satisfactory ever prepared by the commission. It shows more activity on the part of the warden and his deputies in the enforcement of the fish and game laws, with better results, than during any previous year. More convictions were secured by one-third during the last six months of the past year than during any one year previously. The state patrol boat has been put in service on Lake Erie; the state fish hatchery has been enlarged and improved; a successful distribution of fish was made; many new and efficient deputies have been appointed, and the fish and game laws have been given better standing and more respect than ever before. All this the report will show in detail.

Mrs. L. H. Goshen returned Thursday evening from a week's visit with her sister, Mrs. J. S. Marcellus, at Zanesville.

THE GROCERS' BANQUET.

A Pleasant Event Enjoyed by Representatives of Retail Houses the City.

ELABORATE MENU AND APPROPRIATE REMARKS.

For an hour last evening the Salem grocerymen forgot the trials and tribulations of everyday life in the store room and gathered at the festal board, where an Epicurean menu gave them an evening of thorough enjoyment. The occasion was the banquet given by the members of the Salem Retail Grocers' Association, in connection with the installation of a new corps of officers. The banquet took place at 7:30 o'clock at Roller's cafe, in East Main street. It was attended by 19 of the grocerymen of the city, and proved a very enjoyable event.

The members of the association met at the hall at 7 o'clock, and at 7:30 all proceeded to the dining room. Mr. Roller distributed to each of the guests a very pretty lapel bouquet, consisting of a red and white carnation.

The following menu was served:

Roast Turkey and Dressing.
Stewed Chicken.
Escalloned Oysters.
Mashed Potatoes. Sweet Potatoes.
Biscuit.
Cold Slaw. Corn.
Olives. Celery.
Cranberry Sauce.
Pie. Ice Cream.

During the progress of the banquet the grocers kept up an entertaining run of conversation and humorous hits, and nearly all of the grocerymen present came in for a share of "jollying" at the hands of the others. After full justice had been done to the spread Mr. Tomlinson arose and made some remarks he made some humorous references to the everyday life of the groceryman. Then he called on the two representatives of the local press present, Mr. Peck of the Herald and Mr. Gager of the News responded briefly, echoing the sentiments of congratulation expressed by Mr. Tomlinson. These present unanimously tendered a vote of thanks to Mr. Roller and his assistants for the excellence of the banquet which he had prepared for them. The grocerymen then all proceeded to the hall, where the installation of the new officers took place.

The feature which marred the evening was the non-appearance of ex-President John W. Lease, who failed to arrive until after the banquet was over.

The grocers present at the banquet were: H. J. Koop, C. H. King, H. G. Camp, William Henshillwood, E. H. McCarty, L. H. Dobbins, Milton Smith, representing J. M. Brown & Co., L. B. Sanor, F. Y. Allen, L. B. Harris, Charles Shaffer, Henry Stiffler, representing Mrs. A. J. Courtney, Charles Trotter, representing H. Trotter & Son, H. E. Eakin, S. C. Gibson, J. W. Benfield, L. Tomlinson, J. R. Chisholm and W. L. Mercer.

The new officers of the association are: L. Tomlinson, president; C. H. King, vice president; H. G. Camp, recording secretary; J. R. Chisholm, financial secretary; E. H. McCarty, treasurer.

NO TROUBLE AT THE M'NAB MINES.

Recently Percy Tetlow of Washingtonville, president of this sub-district of the United Mine Workers, was in Salem and organized the men employed in the McNab shaft east of the city. Then he attempted to fix a scale of prices to govern machine mining in the No. 3 vein. As this was the only No. 3 vein in the district to work machines, and as the mine was not developed to any extent, the president decided not to establish a scale. He returned to his home saying that the men would work on the day work system for some time, a month at least.

Tuesday the men decided to take the matter in their own hands, as they were not satisfied with the scale. They submitted three scales to the McNab Co. One of the three was at once taken up, and the men went to work on it Wednesday morning. It proved a failure, and then the men wanted another agreement. This was submitted Wednesday forenoon and the men, after losing an hour considering it, went in, and are working under it apparently satisfied.

Will Be a Popular Concert.

The Quaker City band held a special meeting Thursday evening, at which the committee which had been making arrangements for the benefit concert to be given by the organization reported. It was then decided to hold a concert in the opera house on Saturday evening, January 24.

It was decided that the concert should be made popular in every way. The program will be made up almost entirely of selections from popular and late music, and popular prices will prevail. The band will hold special practice meetings for the concert.

Taken to Infirmary.

The Perry township trustees today took Samuel Johnson, an aged man who has been living in this city, to the county infirmary. Mr. Johnson is about 50 years old, and has no home or means of support sufficient to keep him. He has recently been working on the street.

Midnight Fire at Sebring.

A frame dwelling house, owned by F. A. Sebring, and located in Oregon avenue, Sebring, was damaged to the extent of $800 by fire at midnight Thursday. The occupant, Joseph Hartley, a well-known potter, lost $300 worth of furniture.

Sprained a Leg.

Augustus White is confined to his home in East Fourth street with a badly sprained right leg. Mr. White is cashier at the local freight office of the Pennsylvania Co. While inspecting some freight he slipped and fell.

Misses Laura Johnson, Carolyn and Lucy Hossoldt of Canton are the guests of Miss Henrietta Trimble of Lincoln avenue.

PENNSYLVANIA CO. SCORES A POINT, BASED ON MERIT, OVER WESTERN UNION.

Pittsburg, Jan. 16.—(Special.)—Judge Joseph Buffington, sitting yesterday in the United States circuit court, handed down decisions in two of the cases brought against the Pennsylvania Railroad Co. by the Western Union Telegraph Co. The decisions are both in favor of the railroad and are of great importance.

One of the suits decided was a petition for the right to condemn a right of way for telegraph lines along the railroad. This petition is denied because the court holds, in effect, that the telegraph company does not possess the right of eminent domain. The other suit was an action in equity, being an application for an injunction to prevent the dispossessing of the telegraph company pending the final outcome of the petition to condemn. This the court denies, holding that the telegraph and railroad companies are tenant and landlord, respectively, and are governed by the laws of such relations.

The decision is of particular importance because it is based on the merits of the case and not on the points of law, as, for instance, was the decision rendered in New Jersey on Wednesday.

Judge Buffington finds no ground for the grant of a preliminary injunction, and directs that two orders be issued, one dismissing the petition to condemn and the other refusing an injunction.

PUBLIC ROADS AND R. F. D.

The postoffice department takes the common-sense view that if the government provides rural free delivery to the people of certain sections, at a more or less heavy outlay to the government, those communities should at least furnish the roads over which the mails shall be carried, and roads kept in reasonably good condition.

Apropos, the postmaster general has ordered discontinued the rural free delivery in certain sections of Pennsylvania, where the government is charged tolls for traveling over toll roads. First Assistant General Wynne has received several accounts amounting to $10 and $12 per year for the use of these roads by the rural free delivery carriers. He summarized the position of the government with force when he said: "Communities so unprogressive and old fashioned as to charge the government for the use of the roads when it is delivering them their mail free should not, in my opinion, be afforded the privilege. It seems strange that when the government takes mail to people who in most cases own the roads it should be made to pay for the use of the highways."

Chairman Frey of the Democratic state central committee has formally announced that Mayor Tom L. Johnson of Cleveland will be a candidate for the next Democratic nomination for governor of Ohio. If Johnson secures the nomination Ohio will experience another circus campaign, more disastrous to the Democratic forces of the state than was that of last year.

The measure providing for a suspension of the tariff on coal for one year, which went through the house at Washington with such a rush the other day, tends to emphasize the truth that when men set about bringing profit to themselves at the cost of the necessities of others, they are pretty sure to overreach themselves to their own hurt.

The Toledo workhouse board has announced that it will pardon all prisoners sent to that institution for appropriating to their own use coal that they find scattered along the railroad tracks. Now it would be in keeping with the policy of the barons to get back at Toledo by refusing to ship any coal to that city.

A Lincoln avenue resident reports that the welcome sound of the shoveling of coal into his bin awakened him before 6 o'clock this morning. He says the notes of the turtledove in the early springtime were harshly discordant in comparison with this harmony of the shovel and the coal.

Lord Charles Beresford says he expects some day to see England fighting for the Monroe doctrine. And the Chicago Record-Herald voices the sentiment of this country in the hope that it will not be necessary for Uncle Sam to call for outside help.

Mary A. Livermore says she never knew a woman who drank. Mrs. Livermore is to be congratulated.

The Louisiana woman who postponed her wedding to give the groom time to sober up was possessed of amiability worthy of a better cause.

There is talk in Mexico of adopting the gold standard.

Pennsylvania has $7,000,000 in its treasury.

EPIDEMIC FEARED AT KENYON MILITARY ACADEMY.

The following item, which appeared as a special to the Cleveland Plain Dealer, will be of some interest in Salem. Miss Cora Lee Fisher, daughter of Mr. and Mrs. A. B. Fisher of Penn street, is connected with the institution, and members of the Southworth family, formerly Salem residents, are students in the school mentioned. Advices received here are to the effect that the number of cases is limited, and that all are mild. The faculty of the academy is not greatly troubled over the matter, as no serious outbreak is feared. The following is the special:

"Kenyon Military academy at Gambier is under quarantine by order of the board of health of the village, as nine cases of scarlet fever exist at the institution. Not a student is allowed to leave the building. It is claimed that over 100 students have been exposed, and an epidemic is feared."

Case Continued.

The case of the city vs. J. B. Barnes, which was to have been heard Thursday afternoon before the mayor, was continued until Tuesday at 2 o'clock. It was necessary to continue the case for the reason that City Solicitor L. P. Metzger, who was to have represented the city in the proceedings, is detained in Pittsburg on account of the famous Maguire case, in which he is interested. Barnes refused to pay the license prescribed by the city ordinance for peddling meat, and the suit was brought to test the validity of the ordinance.

CHRONIC COUGHS

OFTEN ARE THE BEGINNING OF CONSUMPTION.

Stop Your Cough and Avoid Future Trouble.

We Will Guarantee That We Can Do It For Yo

Our Vinol is the Remedy for all Pulmonary Affections.

Vinol is a preparation that is delicious to take.

It consists of a delicate table wine in which has been dissolved the active curative principles that are found in the liver of the live cod, and to which cod-liver oil owes its reputation as a remedy for coughs, colds and all wasting diseases.

If there is any one who has a cough, a tendency to take cold easily, or a dread of consumption, we would like to have them call and permit us to explain what we know about Vinol and why we believe it will cure all such troubles more surely and quickly than any other remedy ever given to the public.

Following is a letter which has just come to hand and which shows how beneficially Vinol acted in one instance:

"I had a severe cough of long standing. I was advised by friends to give your Vinol a trial, which I did. Before taking it I had tried many other remedies for coughs without obtaining any relief. With Vinol it was different. I have now used four bottles of it, and am pleased to say my cough has almost entirely left me. I have been decidedly benefited by its use in every way. Very truly yours."—H. E. SMALL, Boston, Mass.

Vinol acts beneficially upon the digestive organs, enabling them to obtain for themselves the elements from which are made firm healthy flesh tissue, sound muscle, strong bone structure and pure blood.

We recommend Vinol unreservedly.

If you will call on us at our store, we will tell you why we have such faith in this new wine of cod-liver oil.

We guarantee that if you suffer from any symptoms that indicate troubles for which we know Vinol is intended, we will refund to you your money if you don't find Vinol helps you.

FIVE BOYS KILLED.

Coasters Struck By a Train on Philadelphia and Reading Railroad.

SIXTH VICTIM FATALLY INJURED

Blood and Bones on the Pilot of the Engine Gave the Engineer the First Intimation of the Horrible Occurrence—Three Fatally Injured.

South Bethlehem, Pa., Jan. 16.—Five boys, whose ages range from 12 to 15 years, while coasting last night, were struck by a train on the Philadelphia and Reading railroad and instantly killed, and another was fatally injured.

The Dead.

Dennis McGinley, John Coyle, Owen Cahill, Patrick Cahill and an unknown boy who was mangled beyond recognition.

John Hauber, the sixth victim, is said to be at the point of death.

The boys were coasting on a bobsled. The railway crosses the street at the bottom of the hill and the sled and express train reached the crossing simultaneously. The engineer was not aware of the tragedy until he reached the station, a mile distant from the scene of the accident, when the blood and bones on the pilot of the engine gave him the first intimation of the occurrence.

Three Fatally Injured.

Scranton, Pa., Jan. 16.—A party of eight young persons were coasting on Mulberry street last night, when their sled ran into a telegraph pole. Miss Esther Costerline, Miss Jennie Segmans and William Van Bergen sustained injuries which, it is believed will result in their deaths. Christopher Peltier, who was steering the sled, escaped with slight injuries.

GENERAL FOREIGN NEWS.

Rome, Jan. 16.—Cardinal Lucilla Mary Parocchi, sub-dean of the sacred college and vice chancellor of the Catholic church, died yesterday of heart disease.

Tangier, Morocco, Jan. 16.—Advices received here from Fez are to the effect that there is no probability of the proposed expedition against the pretender to the throne being dispatched until the sultan musters a larger force, which he will lead personally.

London, Jan. 16.—Members of leading firms representing South American interests held an important meeting here yesterday and definitely agreed on a war contribution of $150,000,000, payable in three annual installments of $50,000,000, and covered by a loan not redeemable before 10 years.

STRONGEST EVIDENCE OF FAITH.

M. S. Hawkins and Bolger & French Guarantee That Hyomei Will Cure the Worst Case of Catarrh in Town.

When one of the most reputable concerns in town guarantees that a medicine will effect a cure or they will return the money, it speaks volumes as to the merit of that remedy. It is in this way that M. S. Hawkins and Bolger & French are selling Hyomei, the treatment that has made so many remarkable cures of both acute and chronic cases of catarrh in town and vicinity.

Hyomei is not a pill, nor is it a liquid that has to be taken with a tablespoon or wine glass. Just breathe it by the aid of an inhaler that comes in every outfit and benefit will be seen from the first treatment.

It destroys all germ life in the air passages and lungs and enriches and purifies the blood with additional ozone. It cures catarrh of the head and throat, or of the stoamch, liver and kidneys. Wherever mucous membrane contains catarrhal germs there Hyomei will do its work of healing. When using this treatment the air you breathe will be found like that on the mountains high above the sea level, where grow balsamic trees and plants which make the air pure by giving off volatile antiseptic fragrance that is healing to the respiratory organs.

Remember that if Hyomei does not cure you M. S. Hawkins and Bolger & French will refund your money. This is a good time to cure catarrh by this natural method and prevent catarrhal colds that are so common at this season.

Preliminary Hearing.

Marietta, O., Jan. 16.—The preliminary hearing of Mrs. Frank Stackhouse, alias Irene Monsell, yesterday showed that she conducted a very extensive "husband wanted" business with large returns. She was held in $2,000 bond. Her husband was dismissed, no evidence being produced as to his complicity.

Don't Worry.

This is easier said than done, yet it may be some help to consider the matter. If the cause is something over which you have no control it is obvious that worrying will not help the matter in the least. On the other hand, if within your control you have only to act. When you have a cold and fear an attack of pneumonia, buy a bottle of Chamberlain's Cough remedy and use it judiciously and all cause for worry as to the outcome will quickly disappear. There is no danger of pneumonia when it is used. For sale by Bolger & French.

Wanted to Gain Favor.

Alliance, O., Jan. 16.—Terrell S. Arnold was arrested yesterday and has confessed that he fastened a heavy chain around a rail on the Fort Wayne railroad track a week ago. His motive, he said, was to "discover" the obstruction in time to prevent a wreck, and thus gain favor with the railroad people and secure his position, that of fireman, from which he was discharged recently.

Fell Down Shaft.

Shenandoah, Pa., Jan. 16.—Michael Flaherty, employed as a laborer at Indian Ridge colliery at this place met a shocking death Wednesday night by falling down the shaft, a distance of 310 feet. His body was crushed into an unrecognizable mass. He was 27 years old and unmarried.

Woman Asphyxiated.

Philadelphia, Jan. 16.—Mrs. Dorothea Phine, aged 80 years, was asphyxiated by illuminating gas in her home in this city yesterday, and her son, William, aged 40 years, was overcome and is in a critical condition in a hospital.

Killed Burglar.

Butler, Pa., Jan. 16.—At Carbon Center, on the Pittsburg and Western railroad, H. A. Carter, who owns a general store and keeps the postoffice and railroad office, shot and instantly killed an unknown man, who attempted to break into the store shortly after midnight last night.

Was Thawing Out Dynamite.

Harrisburg, Jan. 16.—William Deibert, aged 22, of Jersey Shore, was killed late Wednesday afternoon near White Hill by an explosion of dynamite. He was engaged in thawing out 14 sticks, when it exploded and blew him to pieces.

Dislocated Her Shoulder.

Mrs. Johanna Soderholm of Fergus Falls, Minn., fell and dislocated her shoulder. She had a surgeon get it back in place as soon as possible, but it was quite sore and pained her very much. Her son mentioned that he had seen Chamberlain's Pain Balm advertised for sprains and soreness, and she asked him to buy her a bottle of it, which he did. It quickly relieved her and enabled her to sleep, which she had not done for several days. The son was so much pleased with the relief it gave his mother that he has since recommended it to many others. For sale by Bolger & French.

From the Newark, (O.) *Tribune* Poet.
His blood was pure, his throat was clear,
His mind serene and calm,
He made himself a perfect man;—
He used Brazilian Balm.

BOWAN'S RAZOR HAS HAD A LONG REST.

Why a Commissioner of Columbiana County Has Never Shaved Since Buchanan's Election.

(FROM A STAFF CORRESPONDENT.)

Columbus, Jan. 15.—Columbiana county is represented at the agricultural meetings now being held at the state capital by J. C. Billingsley, president of the Columbiana County Agricultural Society, of Negley; C. F. Lease of Salem, who served two terms as president of the organization, and Chris Bowman, county commissioner. Commissioners Joseph French and Eden Reeder are expected here today. The farmers' state institute closed last evening after holding sessions lasting two days, and the state agricultural society convened this morning. It will elect officers and select a member to serve on the state board of agriculture. The swine, sheep and cattle societies are also meeting here this week.

While in this city Commissioner Bowman, who is 73 years old and very lively for one of his age, confessed why he never shaved. Chris is a Republican, and has been one ever since the party was created, and never takes a dare. One day away back in 1856, when John C. Fremont was a candidate for president against Buchanan, two staunch Democrats called on Mr. Bowman at his home and found him making preparations to shave. He was whetting his razor on a stone, and as the campaign was on and excitement at high ebb, the conversation naturally turned on politics. The day was Sunday.

Mr. Bowman's Democratic friends twitted him about the election and commiserated him on the defeat they declared his candidate, who was Fremont, would sustain.

The badinage continued for some time, when Chris put his tonsorial paraphernalia away and said:

"Gentlemen, I guess I won't shave till John C. Fremont is elected."

Fremont was defeated, and the face of Chris has not felt a razor since.

At the instigation of Gov. Nash, Attorney General Sheets Tuesday afternoon, under the Valentine anti-trust act, brought suit in the supreme court to oust from their charters the following coal mine operating companies: Sunday Creek Coal Co., New Pittsubrg Coal Co., Columbus and Hocking Valley Coal and Iron Co., Salisbury Coal Co., Congo Coal and Mining Coal Co., Middle States Coal Co. and the General Hocking Valley Fuel Co. It is charged these companies are in a conspiracy or combination in restraint of trade and for the purpose of extorting unreasonable prices from coal consumers.

The Ohio miners have declared against government by injunction, and will endeavor to secure legislation to curb the power of the courts in this direction. Percy Tetlow of Washingtonville, president of his subdistrict, was made a member of the state executive committee.

Grip

Brought On Sciatic Rheumatism.

Nervous Prostration Followed.

Dr. Miles' Nervine Gave Back Health.

"I was laid up during the winter of 94-95 with sciatic rheumatism and nervous prostration brought on by a severe attack of La Grippe. The rheumatic pains were so severe at times that it was impossible for me to turn in bed. I was unable to sleep. I had two of our best physicians in attendance, took all the advertised remedies for troubles of this kind but got no help whatever until I took Dr. Miles' Restorative Nervine. Six bottles restored me to health; I am better than for years; in fact am entirely relieved. I can say with a clear conscience that it was Dr. Miles' Restorative Nervine that restored me to health. When the pains of sciatica and rheumatism were most severe I secured almost immediate relief by the use of Dr. Miles' Anti-Pain Pills. I have recommended Dr. Miles' Remedies to many people."—Fred Myers, Redfield, S. D.

"I was taken with pain in my heart and under the left shoulder; with such heavy oppressed feeling in my chest that I could hardly breathe. I had palpitation so bad and my heart would throb so that it would shake my whole bed. I also had a weak, all-gone feeling in the region of my heart. My doctor treated me for liver and stomach trouble but I failed to receive any benefit until a friend recommended Dr. Miles' Heart Cure and Restorative Nervine. I used both and one box of the Anti-Pain Pills. I believe I am completely and permanently cured."—Mrs. J. W. Golding, Noblesville, Ind.

SOCIAL AND PERSONAL.

Dined Their Employes.

T. J. Walton and wife gave a dinner Wednesday evening at their home in Lincoln avenue for the employes of the T. J. Walton job printing plant and their families. It was attended by all the employes and the wives of those who are married. Through an arrangement made by Mr. Walton a large bobsled called at the home of each employe early in the evening, making the rounds and finally gathering all into one large load, which was taken to the Walton home.

Here the guests were received by Mr. and Mrs. Walton, Mr. and Mrs. S. P. Cornell and Milton Davis. An elegant repast was served to the company, and the evening was spent very pleasantly for all. Later in the evening the employes presented Mr. and Mrs. Walton with a very nice rocking chair, which was accepted by Mr. Walton with appropriate remarks.

The guests were again taken in the large bobsled to their respective homes.

Missionary Union.

The Missionary Social Union held a regular meeting Thursday afternoon at the Presbyterian church. Excellent papers were read, Mrs. Jacob Hole contributing one on "Africa" and Mrs. John Woodruff one on "Corea."

The time was the occasion of the annual election of officers, which resulted as follows:

Mrs. Edgar Vickers, president; Mrs. Robert Trimble, first vice president; Mrs. J. S. Woodruff, second vice president; Mrs Jacob Hole, secretary and treasurer.

A Sleighride and Stewed Chicken.

A party of 18 young people, composing the senior class of the High school, enjoyed a sleighing party to the home of Sadie Loop, south of town, on the Lisbon road, Thursday night. A chicken supper was served at the Loop home. It is told that the party returned at a very seasonable hour, but this has not been confirmed. One of the members of the High school faculty is authority for the statement.

Sleighing Party From Sebring.

A sleighing party of 18 young people from Sebring was entertained at the home of Charles Paxson, in Washington street, last night.

J. K. Stitt, manager for the C. D. & P. T. Co.'s local exchange, went to Pittsburg this morning to attend a general meeting of the company's managers from this district, which will be held at the general headquarters of the company tomorrow. The meeting is for the purpose of discussing the situation in telephone circles.

Mrs. O. A. Rhodes and son, Philip, returned Thursday evening from a visit of three weeks with relatives in Cleveland.

DEATH RECORD.

Attorney D. E. Rogers.

Alliance, Jan. 16.—(Special.)—D. E. Rogers, ex-city solicitor and a prospective candidate for county prosecutor, died at 7 o'clock Thursday evening in a sanitarium at Cuyahoga Falls, whither he had been taken two weeks ago when his mind gave way. He is survived by a wife and one son, aged 6 years. The remains will be brought to Alliance.

The deceased was a native of Portage county, and had been a resident of Alliance for ten years. He served two terms as solicitor.

Mrs. Mary Thomas.

Alliance, Jan. 15.—(Special.)—Mrs. Mary Thomas, aged 55 years, died Wednesday night from smallpox at her home, just over the Mahoning line, at the outskirts of Alliance. She had been sick for some days, and it is alleged that owing to a dispute as to the responsibility for her care on the part of the trustees, she was not looked after properly. She will be buried at midnight.

Mrs. Louise Doyle.

Relatives here were notified yesterday of the death at Cleveland of Mrs. Louise Doyle, aged 64 years. This occurred Wednesday afternoon. The deceased was the mother of Herbert Baird, who for many years was a resident of Salem, and who now lives in Cleveland. She was a sister-in-law of Benjamin Baird of Lincoln avenue, and had numerous other relatives here. The funeral was held Thursday.

Joshua Hartzell.

Joshua Hartzell of North Benton died Thursday night, aged 65 years. He was promonently connected, and is survived by relatives all through this vicinity.

Edward Ruth.

D. T. Ruth of Lincoln avenue left for Wayne, Pa., Wednesday night, having been called there by a message received Wednesday afternoon announcing the death of his father, Edward Ruth, aged 84 years.

AN INTERESTING LETTER.

Continued from first page.

off a steamer from Colon and quarantined him on the island in the harbor, where he died. He was a man from "The States," poor fellow, trying to get home. These mission people tell me that the fever they have along the coast here is not true yellow fever, as it is not contagious in the true sense of the word, though if you get it it is fatal, if not broken within three days. I must say I was a little anxious to get away from Port Lemon, where so many signs, "Coffins for sale here," are to be seen on every hand. So when the train left at 9 in the morning I bade these good friends of mine good bye, and Mr. Hayter and I were off for the delightful, cool mountains.

Through the low, marshy country, where were cocoanut trees without number, then into the banana plantations for 20 miles or more, then into the foothills, where the hot, sultry air soon changed to a delightful breeze, coming in through the car window; then up and up, and we soon began to "loop the loop." You admire the Horse Shoe Bend on the Pennsylvania railroad. We have 20 such bends, each one more beautiful than the last, with a good-sized river flowing over their rocky bottoms, that are seen so far down beneath you that the largest trees are dwarfed into bushes. We have nearly 5,000 feet to climb to this place, with the deepest cuts you can conceive of in the bosom of old mother earth.

What can I say of Cartago—old Cartago—the "Holy City?" There is so much to say. It lies on the lower edge of a plain, miles in extent, that slants upward to the north till it reaches the rocky palisades that form the summit of Mount Irazu about 6,000 feet high.

We arrived here at 4 o'clock in the afternoon, Mrs. Hayter meeting us at the train. As soon as we reached the house where they live, which is but a short distance from the depot, and as soon as we were washed, we sat down to a dinner of roast duck, with potatoes and rice, beginning with delicious soup. The center of the table was decorated with a large bunch of gladiolus in several colors of from almost white to shades of deep red. I do not know that I ever sat down to a nicer meal, even in Salem, except, perhaps, at Mr. Bonsall's out Goshen road. The meals are served in the gallery that surrounds the yard, or patio, in which plants are grown, so we can look out upon the blue, warm sky through the flowers growing in hanging baskets. A young parrot is hung near the table and makes a little too much noise to suit me, but then I am old and crochety. Mrs. Hayter serves me some new tropical fruit or vegetable at every dinner, most of which I like, but they have unheard of Spanish names.

This is Sunday and market day, and everything is wide open excepting the saloons, which are closed, as the "bug juice" that they make here and call "guarro" is nearly pure alcohol, and very liable to make a man dangerously crazy. The market house, filled with strange people, and many kinds of fruits and vegetables that were unknown to me, was very attractive. Beside most of our northern vegetables I found, I should think, about a dozen strange looking roots, squashes and bread fruits, and say a half a dozen of strange fruits. I brought some of them home to test and find out what they were. I cannot say that I liked them, but then my palate is uneducated.

Just ahead of me going to the market this morning was a woman, past the middle of life, dressed in black and wearing a thin, black shawl over her head and shoulders, with a Panama hat on her head and smoking away at a little black cigar. This was a study in black and not very attractive.

Arriving at the market I met numerous groups of very dark complexioned and really handsome girls, dark eyed, with the blackest of hair, done up in style, and wearing the brightest colored shawls that I ever saw; shawls of red, of changeable silks, of yellow and buffs, down to light lavender. I am told that the greatest ambition in life with these girls is to own a bright colored shawl with long fringe, and they scrimp and save their earnings, sometimes paying over a hundred dollars for a light wrap. On holidays, they tell me, it is one of the sights of the country to see these girls in their gay, bright costumes. This is a study in color, and very attractive.

One girl I met I would have taken for a certain Salem lady, if she had not been so dark. She had a bright, red shawl over her head that contrasted well with her skirt of brown, but glancing at her feet I saw that she had no shoes on. Nearly all go barefooted. I looked and studied this color show with interest, and I must say that they all had good faces. They do not look at you or act in an immodest way. In fact, I have not seen anything in these people that was out of the way or that indicated badness.

The military band, consisting of 25 pieces, was playing some exquisitely pretty waltzes across the street, and I lingered a long time around that end of the market house listening to the music. Somehow it made my eyes water a little. But I am particularly sensitive to good music, and if it did affect me I enjoyed it.

At the east end of the market they had four boards hung up like signs, and on them were numbers up to 30, and from each number a string passed down. You pay 10 cents for a number and they pass you out a string reaching up to that number; then when the 30 numbers are sold they shuffle some small cards with corresponding numbers on them and one is drawn out. If you hold the number of the string that it drawn out you get $2. This sort of raffling is very popular, and crowds were gathered around the boards on this bright Sunday afternoon.

The band playing, the good-natured crowds, the bright costumes and the strange people, furits and vegetables, and the bright June day, all made a Sunday long to be remembered by me.

One day this week I must go down to San Jose, and one day I want to go down the track to Paradise, about three miles, and walk back and gather blackberries, quantities of which I saw when I came up from the coast. How would you like to go along and gather wild flowers?

PAPERS SERVED IN SALEM SUIT.

Sheriff Leonard of Lisbon passed through the city this forenoon on train 41, having in charge Frank and Harry Naugle and George Evarts, all of Leetonia, who were sentenced to serve three months in the Canton workhouse for assaulting and nearly killing Railroad Detective Baker at Leetonia a few weeks ago. While here Sheriff Leonard met Deputy Sheriff Charles Johnson, and transferred to him papers to serve on D. H. Sharpnack, Frank Moff and Henry Moff, notifying them of the suit which Mrs. Sarah Shaffer has filed against them for damages. The papers were served today.

LIKE FINDING MONEY.

M. S. Hawkins Offers Popular Medicine at Half Price.

M. S. Hawkins, the popular druggist, is making an offer that is just like finding money, for he is selling a regular 50 cent bottle of Dr. Howard's celebrated specific for the cure of constipation and dyspepsia at half price. In addition to this large discount he agrees to return the money to any purchaser whom the specific does not cure.

It is quite unusual to be able to buy fifty-cent pieces for a quarter, but that is what this offer really means, for it is only recently through the solicitation of Druggist M. S. Hawkins that his medicine could be bought for less than fifty cents. He urged the proprietors to allow him to sell it at this reduced price for a little while, agreeing to sell a certain amount. The result has justified his good judgment, for the sale has been something remarkable.

Anyone who suffers with headache, dyspepsia, dizziness, sour stomach, specks before the eyes, or any liver trouble, should take advantage of this opportunity, for Dr. Howard's specific will cure. But if by any chance it should not, M. S. Hawkins will return your money.

The specific is very pleasant to take, coming in the form of small granules, and there are sixty doses in every package. It is especially convenient when traveling, and no one should start on a journey without a bottle of this reliable medicine.

Weather Was Too Cold.

Joshua Leaf, Charles Thomson, Frank White and Howard Smith, who have been at Washington, D. C., for several weeks erecting some work for W. H. Mullins, arrived home today. They have not completed the job yet, but cold weather so interfered with the work that it could not be pushed to any advantage. Later they will return and complete the job.

PROGRESS OF WORK AT SALEM CO.'S MINE.

Will Be Ready to Get Out Coal Monday Sure, So It Is Announced.

Contrary to expectations the miners were not able to go into the Salem Co.'s mine either on Wednesday or Thursday. Cold weather interfered with the carpenter work on the new tipple longer than was anticipated. The carpenters will have the tipple in shape so coal can be hoisted and loaded into cars on Saturday, so a telephone message from the mine to this office today stated. However, no coal miner would think of going into a mine on Saturday, especially when the mine had not been worked for several weeks, so the miners, it is announced, will start Monday with a full force.

The weather having warmed up to a considerable extent not so much coal is required now as a few days ago. This condition is a great factor in fighting the coal famine.

Even after the miners start work at the Salem Co.'s mine the carpenters will have several weeks' work in completing the tipple and placing screens and tracks.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood.

If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root**, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty cent and one-dollar sizes. You may have a sample bottle by mail free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

SENATE AND HOUSE.

Mr. Tillman Again Charges Attorney General With Inactivity Against Trusts.

ARMY APPROPRIATIONS PASSED

House Then Began Considering the Department of Commerce Bill—The Cuban Reciprocity Measure Reported With Two Amendments.

Washington, Jan. 16.—In the senate yesterday Senator Tillman continued his arraignment of trusts and monopolies, and again charged the attorney general was responsible primarily for lack of action against trusts.

The statehood bill was under discussion for a short time, Mr. Foraker urging the right of Oklahoma, Arizona and New Mexico to be admitted into the Union.

Mr. McLaurin (Miss.) called attention to charges that the people of Indianola, Miss., had been guilty of threats and intimidation against the postmaster, and declared them to be untrue, remarking that his object in bringing the matter to the attention of the senate was in order that his denial might go into the Congressional Record as an answer to those who made the charge.

Mr. Fairbanks gave notice that he would call up the immigration bill on Monday.

At 4.50 p. m. the senate went into executive session and soon afterward adjourned until Monday.

In the House.

The house yesterday passed the army appropriation bill and began consideration of the department of commerce bill, under a special rule making it a continuing order until disposed of. The opposition to the measure came entirely from the Democratic side and was based chiefly on the ground that the transfer of the bureau of labor to the new department would subordinate that bureau to a department which would represent capitalistic interests. The friends of the bill denied the assumption that the head of the new department would be hostile to labor. They maintained that the bill would increase the dignity of the bureau of labor by giving the head of the department a seat in the cabinet. Those who participated in the debate were Messrs. Mann (Ill.), Corliss (Mich.), Adamson (Ga.), Scott (Kan.) and Hepburn (Ia.), in favor of the measure, and Messrs. Richardson (Ala.), Haines (Tenn.), Davis (Fla.), Clayton (Ala.), Shackleford (Mo.), Cochran (Mo.) and Wooten (Texas), against it.

At 5:10 p. m. the house adjourned.

Cuban Reciprocity.

The senate committee on foreign relations yesterday agreed to report the Cuban reciprocity treaty to the senate with no amendments. The first of these is the guarantee against a further reduction of the sugar tariff, which was adopted Wednesday, and the other makes a reduction of 40 per cent in the reduction of the duty on American cattle exported to Cuba, instead of 20 per cent, as provided in the treaty as it was originally transmitted to the senate. Senators Bacon and Bailey cast their votes against the resolution for a favorable report, but all the other votes were in the affirmative.

Later in the day, in the executive session of the senate, Senator Cullom reported the treaty as amended by the foreign relations committee, and gave notice that he would call it up Monday next and would endeavor to secure action upon it at the earliest possible day. This notice was in accordance with a general understanding among Republican senators. It is expected that there will be considerable debate on the treaty and that some time will elapse before it can be acted upon.

Anti-Trust Bill.

The following statement was given out by the sub-house judiciary committee, which is charged with the preparation of an anti-trust bill:

"We have had a conference with the attorney general and have been informally considering among other things his suggestions as well as discussing the general form of the legislation. No definite action has been taken by the sub-committee and we shall not be prepared to report to the full committee before the early part of next week."

The positive statement was made that there has been no hitch to occasion the delay. "It is simply a question now of perfecting the bill," said one member of the sub-committee.

FACTS NOT FICTION.

A Plain Statement of a Bad Condition and a Cure That Never Fails.

Mr. Jesse Dixson of No. 13 Columbia street, Salem, Ohio, says:—"My back and side was the seat of considerable pain—the limbs were swelling quite badly and I felt depressed. Dr. A. W. Chase's Nerve Pills were called to my attention and I got some at Bolger & French's drug store. I am glad to be able to say the medicine was just what I needed. The pain in side and back disappeared completely and the swelling of the limbs about gone. I am sure now a little more medicine will drive even what is left of that away for good, as I feel so generally well again."

Dr. A. W. Chase's Nerve Pills are sold at 50c a box at dealers' or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. See that portrait and signature of A. W. Chase, M. D., are on every package.

Summarily Removed.

Columbus, O., Jan. 16.—Mayor Hinkle last night summarily removed Luke G Byrne from the office of director of law. The action of the mayor is a sequel to the removal of Police Prosecutor Shields by the director of law yesterday morning. The mayor gave out an interview, in which he gives as a reason for his action the belief that Director Byrne had allowed himself to be influenced by politicians hostile to himself and the city administration.

Heals the Lungs

Cancerous Ulcers

At first have nothing about them to indicate their true nature. They look like ordinary sores and are usually treated as such, some simple salve, wash or powder being used in the hope of drying them up and stopping the discharge; but while the place may temporarily scab over, it again inflames and festers, becoming as bad or worse than ever. After awhile the deadly poison begins to eat into the surrounding flesh and the sore spreads with frightful rapidity. Then the sharp shooting pains, which distinguish the cancerous from the common ulcer, are felt, and the unfortunate patient is brought face to face with the most dreaded of all maladies, a cancerous ulcer.

Whenever an ulcer of any kind is slow in healing it should be closely watched, particularly if there is an inherited predisposition to cancer. Often times a malignant, stubborn ulcer starts from a boil, wart, mole, bruise, blister or pimple, for when the blood is tainted and the germs and seeds of cancer are implanted in the system, you cannot tell when nor where the deadly poison is going to break out.

S. S. S. cures these cancerous ulcers and chronic sores, by driving out of the system all the morbid and unhealthy matter that keeps the ulcer irritated and discharging. It purifies and strengthens the blood, enabling it to throw off the germs and poisons, thus checking the further formation of cancer cells, and when all impurities have been removed from the blood and system the ulcer heals naturally and permanently.

SSS

All ulcers, even the smallest, should be looked upon with suspicion and treated promptly before they become cancerous.

S. S. S. is a purely vegetable remedy, a perfect blood purifier, and an invigorating tonic. Write for our free book on Cancer.

NATIONAL CAPITAL NOTES.

The president signed the bill suspending the duty on coal yesterday.

The president yesterday nominated Colonel Edward M. Hayes, Thirteenth cavalry, to be brigadier general.

The agricultural appropriation bill has been prepared by the house committee on agriculture. It carries approximately $6,000,000, about $80,000 more than the current appropriation.

The house committee on District of Columbia yesterday authorized a favorable report on the bill authorizing the District of Columbia to borrow $10,000,000 from the United States treasury for a period of 20 years at 2 per cent.

Representative Joy yesterday afternoon introduced a concurring resolution directing the house committee on naval affairs to prepare a bill providing for the construction of 25 additional battleships at a cost not to exceed $5,000,000 each.

Before the senate committee on the District of Columbia President MacFarland, of the board of District commissioners, testified yesterday that on account of the increase in the price of coal the District authorities would be compelled to ask to have the appropriation for fuel for schools doubled. He said that the District was now paying $9 a ton for bituminous coal.

The postoffice department has found it impracticable to forward the Indianola mail to Heathman, instead of to Greenville. The Indianola citizens will therefore have to continue to send to Greenville for their mail. Reiteration of Postmaster General Payne's statement that the office at Indianola would not be reopened until assurances of safety are given was made yesterday.

H. H. Hanna, of Indiana, chairman of the monetary commission, and Postmaster General Payne yesterday conferred with President Roosevelt regarding currency legislation in congress. The Fowler bill, introduced Dec. 17, was talked over. It has the approval of the postmaster general, Secretary Shaw and Mr. Hanna. The president expressed himself in favor of legislation along the lines of that measure.

THOUGHT MEN WERE IN THE FORT

Commodore Scheder Fires a Shell at La Vigia, Which Explodes Without Damage.

Puerto Cabello, Jan. 16.—The German cruiser Vineta, at sunset Wednesday night, fired a shell at La Vigia, the fort crowning the hills behind this port. The shell, which was fired because men were believed to be in the fort, exploded without causing damage.

The people of Puerto Cabello were at a loss Wednesday night to understand the action of the German cruiser. Early yesterday morning, however, Commodore Scheder sent the following communication to the Venezuelan authorities through William H. Volkmar, acting American consul here:

"Referring to my letter of the 9th instant, I have to inform you that I fired a shell yesterday at Fort La Vigia, because, against my explicit prohibition, the presence has been observed there of unauthorized persons. Judging from reports, those persons were soldiers."

The statement of the German commodore that there were unauthorized persons in the fort is denied by the authorities here.

Washington, Jan. 16.—The navy department is advised of the departure from Kingston of the Dolphin, with Minister Bowen, for Charleston. The Dolphin should reach this point Sunday and the minister is expected in Washington the following day.

Can't Fill Orders.

New York, Jan. 16.—A coal famine confronts the officials of the Brooklyn navy yard. An inventory taken yesterday disclosed the fact that there is only enough coal on hand to last five days. Contractors it is said, confess their inability to fill orders, notwithstanding that they can be penalized by the government for failure to live up to their contracts.

A Sudden Twinge

Of pain is generally the first warning of an attack of rheumatism. It feels as if the disease were in the bones or muscles, but the real cause of rheumatism is found in impure blood. In order to cure rheumatism the blood must be cleansed of the poisonous impurities which are the cause of the disease.

Dr. Pierce's Golden Medical Discovery has been very successful in the cure of rheumatism, because it entirely cleanses the blood from the poisonous substances which are the cause of the disease. It not only purifies the blood but by increasing the activity of the blood-making glands, it increases the supply of pure, rich blood which adds to the vigor of every physical organ.

Mr. R. A. McKnight, of Cades, Williamsburg Co., S. C., writes: "I had been troubled with rheumatism for twelve years, so bad at times I could not leave my bed. I was badly crippled. Tried many doctors and two of them gave me up to die. None of them did me much good. The pains in my back, hips and legs (and at times in my head), would nearly kill me. My appetite was very bad. Everybody who saw me said I must die. I took five bottles of the 'Golden Medical Discovery,' and four vials of 'Pellets,' and to-day my health is good after suffering twelve years with rheumatism."

The sole motive for substitution is to permit the dealer to make the little more profit paid by the sale of less meritorious medicines. He gains; you lose. Therefore accept no substitute for "Golden Medical Discovery."

Dr. Pierce's Pleasant Pellets cleanse the bowels and stimulate the sluggish liver.

OHIO AGRICULTURALISTS MEET.

Resolutions Protesting Against "Manifest Slight" Adopted.

Columbus, O., Jan. 16.—The Ohio agricultural convention last night adopted a resolution protesting against "the manifest slight" to the agricultural interests of the country shown by two special bills now pending in congress, one of which appropriates $7,000,000 for a building for the department of justice and the other $1,500,000 for a new home for the department of agriculture. The resolutions further declare:

"That while we do not object to a generous appropriation for the department of justice, we do insist that agriculture shall be generously endorsed."

Samuel Taylor, of Franklin county, and R. O. Hinsdale, of Medina, were elected members of the state board of agriculture. The board organized by electing Thadeus E. Cromley, of Pickaway county, president, and T. L. Calvert, of Clark, treasurer.

THE NATIONAL BOARD OF TRADE.

Question of Reciprocity Was Extensively Handled and Many Recommendations Were Made.

Washington, Jan. 16.—The thirty-third annual convention of the National Board of Trade came to an end yesterday. The question of reciprocity was probably the most important topic considered.

The board adopted resolutions urging legislation on the part of the national congress regarding reciprocal trade relations along the lines laid down by the late President McKinley in his last address at Buffalo, and by President Roosevelt in his recent message to congress, including the reaffirmation of the treaty with France and the other treaties negotiated under the administration of President McKinley, now pending in the senate, and further urges the negotiation of treaties on the same lines with Germany and other countries.

The board urges the immediate reaffirmation of the treaty with Cuba by the senate of the United States.

The Hay-Bond treaty of reciprocity with Newfoundland, the board thinks, would be of large benefit to the business interests of the country as a whole, and urges that the treaty be reaffirmed by the senate of the United States.

The board also petitions the president and the congress of the United States and the American members of the Anglo-American joint high commission to do all that lies in their respective powers to secure a trade treaty between Canada and the United States upon broad business principles of reciprocal concessions, and as a step in this direction favors the measure now before the United States senate authorizing the president to remove the duties upon Canadian coal in return for similar action by the Dominion of Canada with regard to coal from the United States.

A minority report was submitted, signed by John Hopwell, Henry W. Peabody and J. T. McHugh.

The report of the committee on immigration laws was adopted. It urged on congress the importance of prompt and favorable action to prohibit undesirable immigration by means of such educational tests as might seem best adapted to that end, and also favored a more stringent naturalization law.

The committee on postal affairs submitted a report urging on congress the prompt adoption of a universal 1-cent domestic letter postage. The report was adopted unanimously.

The convention also adopted a resolution requesting the official southern and western classification committees to provide for and place in use a uniform bill of lading, wherein is clearly stated the rights, duties and liabilities of all parties affected by the shipment.

A Scientific Discovery.

Kodol does for the stomach that which it is unable to do for itself, even when but slightly disordered or overloaded. Kodol supplies the natural juices of digestion and does the work of the stomach, relaxing the nervous tension while the inflamed muscles of that organ are allowed to rest and heal. Kodol digests what you eat and enables the stomach and digestive organs to transform all food into rich, red blood. Hawkins' Drug Store and Bolger & French's Drug Store.

Rehearing Granted.

Harrisburg, Jan. 16.—The board of pardons decided to give Mrs. Kate Edwards, of Berks county, under sentence of death for murder, a rehearing. The new board under Governor Pennypacker will next hear the case.

NATIONAL LIVE STOCK BODY

President Roosevelt's Suggestion to Settle Range Problem Endorsed by Rising Vote.

Kansas City, Mo., Jan. 16.—The National Live Stock association, at its annual convention here yesterday, by a rising vote, adopted a resolution endorsing President Roosevelt's suggestion that congress appoint a commission of experts to settle the range problem, which for years has been a bone of contention between cattlemen and sheep men.

A resolution was adopted favoring an amendment of the interstate commerce law in such a way as to grant to the interstate commerce commission power to adjust freight rates after they have been found to be unequal and unjust and power to put into full force and effect its rulings.

An important resolution adopted asks congress to give the secretary of agriculture power to order the disinfection of imported skins and hides at the different ports of entry, and also to designate the ports at which hides may be brought into the country.

Other resolutions favor a 15-cent duty on pelts, pickled hides and skins which are dutiable because they are partly manufactured, and endorse the proposed live stock exhibition at the St. Louis world's fair.

Before adjournment for the day was taken a new executive committee was named.

AN OBJECT LESSON

In a Restaurant.

The physician puts the query: Have you never noticed in any large restaurant at lunch or dinner time the large number of hearty, vigorous old men at the tables; men whose ages run from 60 to 80 years; many of them bald and all perhaps gray, but none of them feeble or senile?

Perhaps the spectacle is so common as to have escaped your observation or comment, but nevertheless it is an object lesson which means something.

If you will notice what these hearty old fellows are eating you will observe that they are not muncing bran crackers nor gingerly picking their way through a menu card of new fangled health foods; on the contrary they seem to prefer a juicy roast of beef, a properly turned loin of mutton, and even the deadly broiled lobster is not altogether ignored.

The point of all this is that a vigorous old age depends upon good digestion and plenty of wholesome food and not upon dieting and an endeavor to live upon bran crackers.

There is a certain class of food cranks who seem to believe that meat, coffee and many other good things are rank poisons, but these cadaverous, sickly looking individuals are a walking condemnation of their own theories.

The matter in a nutshell is that if the stomach secretes the natural digestive juices in sufficient quantity any wholesome food will be promptly digested; if the stomach does not do so, and certain foods cause distress, one or two of Stuart's Dyspepsia Tablets after each meal will remove all difficulty because they supply just what every weak stomach lacks, pepsin, hydro-chloric acid, diastase and nux.

Stuart's Dyspepsia Tablets do not act upon the bowels, and in fact are not strictly a medicine, as they act almost entirely upon the food eaten, digesting it thoroughly, and thus gives a much needed rest and giving an appetite for the next meal.

Of people who travel nine out of ten use Stuart's Dyspepsia Tablets, knowing them to be perfectly safe to use at any time and also having found out by experience that they are a safeguard against indigestion in any form, and eating as they have to, at all hours and all kinds of food, the traveling public for years have pinned their faith to Stuart's Tablets.

All druggists sell them at 50 cents for full sized packages and any druggist from Maine to California, if his opinion were asked, will say that Stuart's Dyspepsia Tablets is the most popular and successful remedy for any stomach trouble.

Filed for Probate.

Tiffin, O., Jan. 16.—What purports to be the last will of Mrs. Charlotte T. Hoyt, widow of the New York multi-millionaire, was filed yesterday. It is dated Sept. 9, 1902. This being of later origin than the other two wills, Judge J. F. Dunn, of Tiffin, who was in charge of Mrs. Hoyt's interests, is bequeathed the bulk of the estate, valued at several hundred thousand dollars. Her father, Casper Guss, of Tiffin, gets $100 a month during his life and the New York Humane society $50 a month for the care of her pets.

Ohio County Commissioners.

Cincinnati, Jan. 16.—The Ohio Association of County Commissioners adjourned yesterday, to meet next January in Columbus. The following officers were elected: President, S. E. SWORN ENEMIES MET

Lieutenant Governor Tillman, of South Carolina, Fatally Shoots Editor.

CHALLENGE TO DUEL IGNORED.

Tillman Was Arrested and Is Confined in the County Jail Pending the Outcome of Gonzales' Injuries—Affair Caused Great Excitement.

Columbia, S. C., Jan. 16.—In the very shadow of the South Carolina state house Lieutenant Governor James H. Tillman yesterday afternoon shot and probably mortally wounded Narcisso Gener Gonzales, founder and editor of the Columbia State, a newspaper, which since its inception has bitterly opposed the so-called Tillman faction in South Carolina politics. The two men have been sworn enemies for some years, and Tillman's animosity was accentuated by Gonzales' pronounced editorial opposition to him as a candidate for the Democratic nomination for governor during last fall's primary. In that campaign Gonzales made editorial reference to Tillman as a "liar, scoundrel and debauchee." A challenge to a duel followed, but Gonzales ignored it.

Gonzales Sent Message.

It is rumored that the immediate cause of the attack was a message sent Wednesday by Gonzales to Tillman. Wednesday night, at the Columbia hotel, Lieutenant Governor Tillman said to a group of his friends: "Gonzales has sent we word that when we meet again we shall settle our difficulties with pistols."

Gonzales' friends deny that he sent a message of any character to Tillman. Statements of the eye-witnesses to the tragedy are somewhat conflicting, and it cannot be stated positively whether or not any words passed between the men before the shot was fired.

Condition Critical.

The condition of the wounded man late last night was regarded by the surgeons as very critical. Tillman was arrested and is confined in the county jail, pending the outcome of Gonzales' injuries.

The affair caused great excitement in the city, which is filled with politicians, who are here to participate in the inauguration of the new state government. Lieutenant Governor Tillman's term will expire within a few days. Some expressions of a desire for summary vengeance were heard on the streets after the shooting, but nothing of a serious character occurred.

At 3 a. m. Mr. Gonzales was still resting quietly. His pulse was 114; respiration 30, and temperature 99 4-5.

No News from Overdue Ocean Liner.

New York, Jan. 16.—Up to midnight last night no news had been received of the American line steamship St. Louis. Throughout the day crowds of inquirers called at the offices of the company, where the agents maintained a cheerful view and assured all that there was no need for alarm.

Hahn's Bond Reduced.

Mansfield, O., Jan. 16.—The circuit court here yesterday granted a continuance of the extradition case of former Insurance Commissioner William M. Hahn, wanted by New York authorities, until next September term of court. His habeas corpus bond was reduced from $7,000 to $1,000.

One Hundred Dollars a Box

Is the value H. A. Tisdale, Summerton, S. C., places on DeWitt's Witch Hazel Salve. He says: "I had the piles for 20 years. I tried many doctors and medicines, but all failed except DeWitt's Witch Hazel Salve. It cured me." It is a combination of the healing properties of witch hazel with antiseptics and emollients; relieves and permanently cures blind, bleeding, itching and protruding piles, sores, cuts, bruises, eczema, salt rheum and all skin diseases. General Booth at Cincinnati.

Cincinnati, Jan. 16.—General William Booth, founder of the Salvation Army, arrived here late yesterday afternoon from St. Louis. He addressed a big meeting at Music Hall last night, which was presided over by Lieutenant Governor Harry Gordon. General Booth will leave for Cleveland tonight.

Don't.

Don't think because you have taken many remedies in vain that your case is incurable. You have not taken Hood's Sarsaparilla. It has cured many seemingly hopeless cases of scrofula, catarrh, rheumatism, kidney complaint, dyspepsia and special debility—many cases that may have been worse than yours.

What this great medicine has done for others it can do for you.

Tom L. Johnson Not a Candidate.

New York, Jan. 16.—Mayor Tom L. Johnson, of Cleveland, who is in this city, last night denied that he is a candidate for governor of Ohio, as reported to have been announced yesterday by Chairman William J. Frey, of the Ohio Democratic state committee. Mayor Johnson said: "I am not a candidate for the nomination, and if Mr. Frey has made any such announcement he has done so without my authorization or approval."

Unconscious from Croup.

During a sudden and terrible attack of croup our little girl was unconscious from strangulation, says A. L. Spafford, postmaster, Chester, Mich., and a dose of One Minute Cough Cure was administered and repeated often. It reduced the swelling and inflammation, cut the mucus and shortly the child was resting easy and speedily recovered. It cures Coughs, Colds, LaGrippe, and all throat and lung troubles. One Minute Cough Cure lingers in the throat and chest and enables the lungs to contribute pure, health-giving oxygen to the blood. Hawkins' Drug Store and Bolger & French's Drug Store.
